ITAÚNAS / PANNAFRAGOLA

Desde sua fundação em 1971 a Mineração Corcovado tornou-se uma das maiores empresas em extração e exportação de rochas ornamentais. Ao longo dos últimos 40 anos, se especializou na extração de materiais exclusivos de pedreiras próprias por todo o país, assim como na exportação de blocos de granito para a América do Sul, Europa e Ásia. A Mineração Corcovado possui direitos minerais exclusivos, permitindo a extração de mais de 40 tipos diferentes de materiais e garantindo o fornecimento contínuo de blocos de granitos para seus clientes.

Since its founding in 1971 Mineração Corcovado has become one of the largest companies in the extraction and export of ornamental rocks. Over the past 40 years, it has specialized in the extraction of exclusive materials from its own quarries throughout the country, as well as the export of granite blocks to South America, Europe and Asia. Mineração Corcovado has exclusive mineral rights, enabling the extraction of more than 40 different types of materials and ensuring the continuous supply of granite blocks to their customers.
